

Big Elm Creek Picked For Water Shed Project

SEWER PROJECT GIVEN APPROVAL FOR CAMERON

WASHINGTON, Nov. 24—Public Works Administrator Ickes today announced the allotment of \$5,082,200 to 38 non-federal projects in 23 states and Hawaii.

The list, which included school buildings, water systems, paving, sewers, college dormitories, hospitals, a prison library, a bridge, road improvements and electric transmission lines was expected to provide 30,145 men months of direct employment.

Twenty-six of today's projects received loans and grants of the total cost of construction, and 11 received grants of 30 per cent of the cost of labor and material. One allotment to a private corporation was for a loan only.

The allotment included: Cameron, Texas, loan and grant, sewers, \$37,000.

Engineering work in connection with the proposed extension of the sewer lines in Cameron has been completed and the City Council will be in position within a short time to take bids on the work it was said. The area of the city to be served by this extension has not yet been determined in total.

AUTO DEALERS MEET FOR CODE APPLICATION

The automobile dealers of Cameron and neighboring towns met at the Hefley-Stedman Motor Co., Tuesday evening, November 14, 1933 for the purpose of forming a local association to put into operation the Automobile Dealers Code.

W. E. Gaither of the Gaither Motor Co., Rockdale was elected chairman; Jones Clements of the Thorndale Auto Co., Thorndale, Vice-Chairman and C. B. Jenness of the Hefley-Stedman Motor Co., Cameron, Secretary-Treasurer. The local committee was elected as follows: Geo. F. Childress of Central Loan Co., Cameron; B. W. Beckman of the Beckman Chevrolet Co., Hearne; H. H. Stedman of the Hefley-Stedman Motor Co., Cameron; Louis G. Gest of the Gest Chevrolet Co., Rockdale; Ray McAtee of the McAtee Motor Co., Rosebud.

The official name of the organization is to be the Milam County Automobile Dealers Association. All complaints of non-compliance to the code will be accepted by the local executive committee.

The following dealers were present at the meeting and are all to be members of the local association: Central Loan Company, Cameron; Wilkerson Brothers, Cameron; Thorndale Auto Co., Thorndale; Horstmann Brothers, Cameron; Grabbe Chevrolet Company, Cameron; McAtee Motor Company, Rosebud; Beckman Chevrolet Company, Hearne; Hefley-Stedman Motor Company, Cameron; Gaither Motor Company, Rockdale; Ideal Chevrolet Company, Thorndale; Voltin Chevrolet Company, Rosebud; Michalka Motor Company, Cameron; Louis G. Gest, Rockdale; and Sapp Motor Company, Cameron.

CHURCHES OF CITY TO OBSERVE THANKSGIVING

Thanksgiving services will be observed Wednesday night, November 29 at the Episcopal church at 7:30 o'clock, Rev. O. C. Acree of the Presbyterian church will bring the sermon. Choirs from the other churches have been invited to assist with the singing.

Rev. Father George Apel will hold Mass at St. Monica's church at 9 o'clock Thursday morning. The public in general is invited to attend each service.

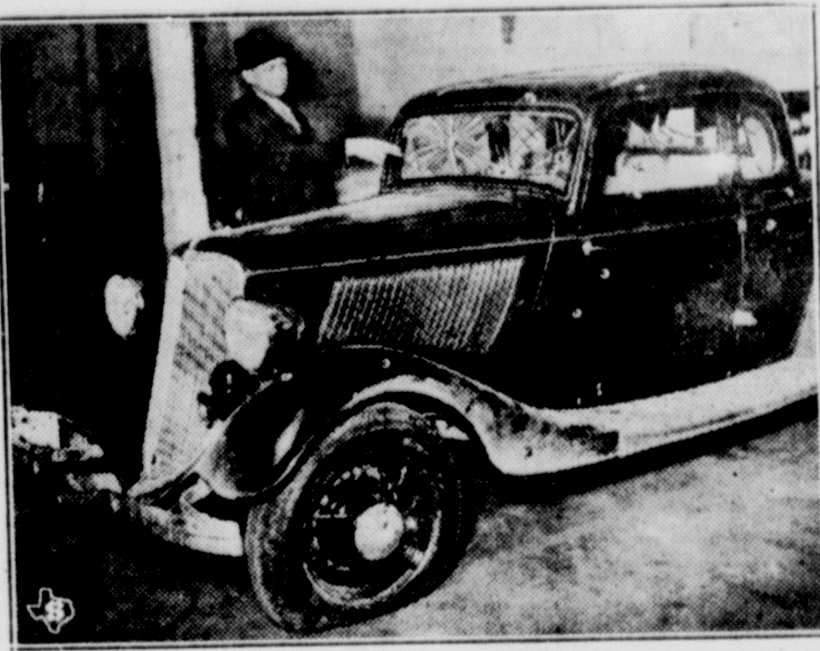

Rev. Walter L. Cannan has been invited to hold union Thanksgiving services at the Methodist church at Friendship Thursday morning at 11 o'clock at which time the public is invited to attend.

When the "Bloody Barrows" Had Another Close Call

W. D. Jones

The one bad member of the Barrow family still at large, Clyde, has had another skirmish with law and order, and thanks to his erstwhile prisoner, W. D. Jones, aged 17, his trail of blood across several states is now practically an open book. Ambushed by Sheriff Smoot Schmidt and several deputies, Barrow and his "Moll," Bonnie Parker, barely escaped in the car pictured above, hijacked two Fort Worth men to get another car, and have again disappeared. Schmidt immediately released for publication a 27-page confession of W. D. Jones, who for a year rode with the Barrows on their trail of crime. He states that he witnessed the killing of five people by Clyde, and the detailed story follows:

The Bandit Car and Sheriff Schmidt

DALLAS SHERIFF MAKES INQUIRY INTO MURDER

Investigation of one of the many angles involved in the murder indictment of Toy G. Woolley of Dallas who is charged with the killing of his young wife, Dorothy Joynes Woolley, former Cameron high school girl, was made here last week by Smoot Schmidt, sheriff of Dallas County.

The sheriff, accompanied by an investigator from the district attorney's office in Dallas, conferred here with likely sources of information bearing on the tangled murder case. Among those consulted is Gene Smith, Texas Ranger and former city marshal.

It was said that Sheriff Schmidt was investigating a reported visit made to Cameron shortly before Dorothy Joynes Woolley was shot in her home in Dallas. Woolley is said to have brought his wife to Cameron where he left her for a short time (See DALLAS SHERIFF on page 4)

TRIAL OF BURKHART IS BEGUN AT GEORGETOWN

Trial of W. D. Burkhardt of Thorndale, charged by indictment of a Williamson County grand jury for the murder of Henry James, was begun on Monday at Georgetown.

Young James was found in a critical condition in the railroad station at Thorndale and died the following day in a hospital in Taylor.

Texas Rangers were brought to Thorndale after officers in this county had failed to get evidence on the murder. Burkhardt and E. A. Miertschin, constable at Thorndale, were arrested by Sid Kelso, Ranger, and placed in jail at Austin.

Miertschin was charged with being a party to the murder in Milam county. The Grand Jury making its report last week, did not return an indictment against him. Burkhardt was released on \$6000 bond from the jail in Georgetown.

Henry James, a brother of Representative Jesse James, now a resident of Cameron, died from injuries about the body. Evidence released by Rangers said the youth had been stamped to death. Young James and a companion had stopped by the (See TRIAL OF on page 4)

J. K. Freeman Named On Committee of 15 For State of Texas

J. K. Freeman has been named by Governor Ferguson as a member of the Central Committee of 15 for Texas to act as a Board of Farm Debt Conciliation.

This committee will review farm debts in an effort to adjust loans so as to prevent foreclosure and to assist farmers to readjust their farm land debts.

Mr. Freeman is a lawyer and recognized authority on farm values in Texas.

FUNDS FOR STREAMS RAISED TO \$400,000

Heart Shot Out

This is Mrs. Dorothy Joynes Woolley, formerly of Cameron, Texas, whose husband, Toy G. Woolley, claims his shooting her heart out with a shotgun was accidental. His admission that he visited his first wife in Austin, who was Mae Cantrell of Comanche county, resulted in charges against him, and Woolley goes to trial soon in one of the most sensational murder cases Dallas has had.

Two Convictions In District Court Here

Case State of Texas vs. Verdell Moore, negro woman, charged with burglary, was given five years suspended sentence.

State of Texas vs. Rocco Pitts, charged with forgery and passing, in four cases, plead guilty and was given two years in each case.

State of Texas vs. Henry Jones charged with intent to murder, case has not yet been set.

ADMINISTRATOR ASKED TO WITHDRAW PROJECTS

With the exception of an increase of 100 men for the work allotment in Milam county, there was no change in the re-employment situation, according to J. P. Love, administrator, who has just returned from a conference with Lawrence Westbrook in Austin. He was accompanied by Stanton Dossett, member of the Milam county Board of Welfare and Employment.

Authority obtained from Mr. Westbrook to work two shifts of men each three days a week, thereby extending the benefits to twice the allotment and employing 1166 men half time, was canceled by telegram Wednesday morning. The matter of prorating men in this way was being referred to Washington for permission.

Mr. Love was asked to withdraw the reclamation projects and other projects but declined to do so. As the situation now obtains Texas and Milam county have an abundance of work but no money to pay the men for work.

The Washington government was making an effort to get Texas to assume responsibility for the reclamation projects as has been done in other states. It was not considered likely that Texas would accede.

In the meantime the local employment offices were waiting developments in the hope men could be put to work. By raising the quota 100 men 40 in addition to those already at work may be put on.

Approval of projects totaling approximately \$400,000 has been made at Austin following application made through the Commissioners' Court and the Milam county Board of Welfare and Employment.

The amount originally asked for has been doubled by the public works administration at Austin under advice from the Board of Water Engineers and State Reclamation Department.

While this big project has been approved allotment of man hours to complete it has been restricted to such a low figure that no indications were forthcoming that money would be available to achieve it.

Milam county has been allowed (See FUNDS FOR on page 4)

3 LOTT BANK ROBBERS GET PRISON TERMS

A verdict of guilty was returned by a jury in federal court in Waco Saturday evening against Henry A. Patton Sr., Fred Silva and R. E. Cross, on charges by the government that three Lott bank officials entered into a conspiracy to violate national banking laws in connection with a shortage of \$65,000 in the First National bank in Lott.

Three Degrees of Guilt

Cross was found guilty on all six counts which were submitted to the jury by Judge R. J. McMillan. Silva was found guilty on five counts and not guilty on one count. Patton was found guilty on one count, the conspiracy to violate national banking laws (See 3 LOTT BANK on page 4)

One of Ten Streams In United States Selected

By W. M. COBB

Cause and effect of what he proclaimed as the most radical change in climatic conditions (since 1914), ever known in Central Texas, were given in forceful manner by J. W. Chapman, civil engineer of Austin, in a speech in the district court room Monday night, at a meeting held under the auspices of the Cameron Chamber of Commerce.

This change from frequent refreshing showers to infrequent pour downs, which quickly run off, without much crop value, Mr. Chapman proposes to correct with low dams across creeks and branches, in connection with reforesting, terracing and other moisture conserving and soil saving devices.

Mr. Chapman, who is a very logical speaker, has already convinced the Texas legislature of the merits of his plan, as evidenced by the fact that the five million dollar appropriation, as a part of the twenty million dollar state bond issue, provides that part of this money "may be appropriated for the building of low water dams."

At the conclusion of Mr. Chapman's speech, the audience voted to ask Emory B. Camp, Milam county representative at Austin, to present the matter at Austin.

Following Mr. Chapman, Messrs.

Gieb and Woodman, engineers in the employ of the Federal government, appointed to select a water shed in Texas for soil conservation experiment, explained that they prefer Big Elm Creek as the most typical watershed for that purpose, and if the land owners would co-operate, it would be improved.

There were 19 land owners in this area present at the meeting, representing 4,185 acres of black land, and they all agreed to co-operate.

There are to be only ten such experiments in the United States, only one of which will be in Texas, the engineers explained. The offer includes terracing and other soil saving improvements for every acre of this vast water-shed, beginning near Moody in McLennan county and extending through Falls, Bell and Milam counties. A million dollars has been appropriated for this work. The improvement will not include the water-shed of either north or south fork of Big Elm Creek, stopping just above where they empty into the larger stream, in Milam county.

Attending the meeting on Monday evening were farmers from San Gabriel, Rockdale, Buckholts, Marak, Yarrelton and nearly every other part of Milam county the crowd completely filling the court room, with a number in the gallery.

Re-Elected

Mrs. A. F. Wood of Athens, Texas, who has been re-elected president of the Texas Congress of Mothers and Parent-Teachers at the annual meeting held in Sherman last week. Mrs. Wood formerly was president of the third district Parent-Teachers' Association.

MRS. FERGUSON WILL NOT RUN FOR GOVERNOR

Governor Miriam A. Ferguson, Texas' only woman governor, and one of only two women in history to head a state government, will not run for Governor again.

In a statement issued at Austin yesterday she said she would not again seek the office she has held for two terms.

Elected in 1924, she was defeated for re-election by Dan Moody in 1926. She was again elected in 1932 over Ross Sterling.

When she retired from the office in 1927 she left the state clear of debt and a balance of \$5,000,000 in the treasury. When she was elected in 1932 she found Moody and Sterling had left the state \$19,000,000 in debt with the surplus she had left wiped out.

She said Wednesday that, notwithstanding (See MRS. FERGUSON on page 4)

KATHERYN GREEN BURIED IN OAK HILL CEMETERY

Katheryn Green, 14, daughter of Mr. and Mrs. Leland Green, died Thursday, November 23, 1933 at midnight at the home of her parents.

Funeral services were held Friday afternoon at the First Methodist church by Rev. E. L. Ingram, presiding elder, and Rev. Walter L. Cannan, pastor. Burial was made in Oak Hill cemetery.

Katheryn was born January 18, 1919, and had suffered much during (See KATHERYN GREEN, page 4)

HOPES FOR JOBLESS WANE IN LOW MAN ALLOTMENT

Prospects for mass re-employment were believed almost entirely diminished here this week when an allotment of only 583 men was made to Milam county.

Registrations show 3800 jobless have signed for work. Instructions sent out from Austin to re-employ every unemployed person caused hopes to ride high among the jobless and those attempting to aid them in securing work. Later developments called for working only those already on relief rolls and then in addition came the allotment of only 583 men for the county.

FORMER MILAM DOCTOR BURIED IN HUNTSVILLE

Dr. B. O. White, native of Milam county, was buried in Huntsville Sunday where he died on Saturday, following a period of declining health.

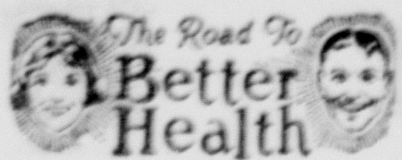

Funeral services were held there in the Methodist church and under the auspices of the American Legion. Dr. White was born and reared in Milam county. He settled at Huntsville at the close of the World War.

He was 48 years of age and is survived by his widow and two daughters, besides three brothers, Dr. S. A. White of Dallas, C. O. White of Tulsa, Oklahoma and W. E. White of Rockdale.

HIGH BLOOD PRESSURE

By Dr. William J. Scholer

With the growing knowledge of hypertension and its significance in the ranks of the medical profession has come an increasing interest in the subject on the part of the public. And, as usual, the incomplete information most people have been giving regarding the topic has given rise to many misconceptions, some of them as humorous as they are unfounded.

What Blood Pressure Signifies

Everyone has blood pressure—a certain normal degree. By blood pressure is meant the tension exerted upon the walls of an artery by the volume of blood within the vessel. When this tension is too high or too low, for reasons presently to be given, then it becomes a symptom of disease and a menace to the life and well-being of the organism. The blood pressure is divisible into three phases: diastolic, systolic, pulse. The diastolic pressure is the tension inside the arteries during the instant the heart is resting between beats and which it must overcome by its contractile force before the blood will begin to circulate. The systolic pressure is the tension in the vessels at each contraction of the heart during which time a fresh volume of blood is driven into the arteries. The pulse pressure is the difference between the

diastolic and systolic, and represents the power of the heart over and above the diastolic pressure.

Causes of High Blood Pressure

The causes of hypertension are numerous and various. In general terms whatever increases the force of the heart's action and reduces the elasticity of the vessels leads to high blood pressure and all so-called causes of hypertension come under one of these two heads.

Perhaps one of the commonest causes is overeating. Since the organism has a limited capacity for digesting and assimilating food exceeding this limit leaves a certain amount of toxic residue. These toxins are highly irritating in addition to placing an extra load on the heart, liver and kidneys. It follows that reduction in the amount of food eaten is the proper remedy in such cases.

Alcoholic drinks stimulate the heart and load the blood with toxins not only of the alcohol itself but of food toxins which are a result of the repression of the digestive process. It should be cut out.

Perkins Speaks At Legion Convention

PARIS, Nov. 26—More than 200 American Legionnaires and members of the Legion auxiliary from the seven Legion posts in the first district of Texas attended the district convention here Sunday.

L. Van Perkins of Cameron, state commander, spoke at the morning service at the First Methodist church and at a business meeting for the ex-service men this afternoon.

Paris was selected as the meeting place for the next district convention. The date will be set later.

Lexington Bank Burglary Cases Are Dismissed

The fall term of district court ends this week. The cases in the Lexington bank burglary were called Monday morning and each of the 4 cases was dismissed on account of faulty indictment returned during 1931. Counsel for defendants entered the plea of faulty indictments and state's attorney moved that the cases be dismissed. The indictments were returned at a special session of the grand jury in December, 1931, but the court held that the special session was a legal one—Giddings

MILLION COWS ARE MILKED IN TEXAS

WASHINGTON—After more than three years of checking and rechecking its figures, the United States census bureau is now ready to report that 1,010,995 cows were milked in Texas in 1930. These cows produced a total of 412,708,000 gallons of milk, or 408 gallons per cow, during the year, according to a report today by the census bureau.

In Group of Five States

Texas was one of the five states with more than a million milk cows. The others were: Wisconsin, 1,869,841 cows; Minnesota, 1,445,767; Iowa, 1,297,914 and New York, 1,243,061.

Of the total number of Texas farms reporting, about 85 per cent, with 853,458 cows, reported their cows were kept mainly for milk production. Slightly more than five per cent, with 52,201 cows reported theirs were kept mainly for beef production.

On Dairy Farms

A total of 144,836 cows were on dairy farms. This type farm made up about 14 per cent of the total number of farms keeping cows.

In the entire United States there were 21,124,221 cows milked in 1930, with the aggregate milk production totaling more than eleven billion gallons, or 523 gallons per cow.

Dr. Eduard Rischar and Dr. M. C. Sapp are in Houston attending the State Meeting of the Doctors of Texas and will hear noted surgeons and doctors lecture. They will return Thursday night or Friday morning.

Odd Texas

Civil Works Program and Labor Conditions Explained

(By J. P. Love, Administrator)

The Civil works Program was outlined to the administrators of various counties in Texas during a meeting of the administrators in Austin November 21 and 22. The Rev. J. P. Love, Administrator for Milam county, was present and brings back the following information, which, of course, does not cover the situation entirely, but is a very brief outline of the plan of the President to put four million men to work in the United States:

Twenty million dollars has been allotted to Texas, which will be di-

vided equally among the 254 counties of this state, and Milam county will get its just share. However, before the division is made there will be deducted from this fund a sufficient amount of money to take care of the beef canning projects which are to be carried on in a number of the large cities of Texas.

As estimated, there are fourteen million men out of work in the United States. This will mean that only a portion of those who are now unemployed will find employment thru the Civil Works Program in this and other counties in the various States. All of those who were on the Work Relief projects, or who were enrolled for work relief, will be given preference. If on December 1st, there are still jobs available, those who have registered on the National Re-employment Service cards for contract work will be considered for these jobs. Only able bodied people will be put to work. Those who are needy and are not able bodied, provided there is no working member in the family, will be given direct relief.

The pay day for all those employed on the Civil Works Program will be Saturday of each week. Mr. R. E. Waters, Chief of the Veterans Bureau, of Dallas, Texas, has been named as the Disbursing Officer for all funds allotted to Civil Works Program. Rev. J. P. Love has been designated as Assistant Disbursing Officer for Milam county. All pay for work will be in the form of a check drawn on the Treasurer of the United States. The present rate of pay will be 35 cents an hour for ordinary labor on highway and roads and 40 cents an hour on all other Civil Works projects. The maximum number of hours per week for all classes of labor will be 30 hours. The following projects for Milam county have already been approved: Work on lateral roads in Precincts

1, 2, 3 and 4, and the Ledbetter Park project in Cameron. Numerous other applications have been filed in Austin, and others are to follow and, no doubt, some additional projects will be approved for Milam county.

On the Civil Works Program, no aliens will be allowed to work.

Several projects are under way which will give employment to women, provided they are approved.

The following is a statement made by Rev. J. P. Love, Administrator for Milam county:

I have tried sincerely to follow the instructions received from headquarters of the Texas Relief Commission at Austin. Some of those instructions have been confusing, and some others have been changed entirely from those sent out about ten days ago. Of course, the office at Austin is taking its instructions from Washington and any changes made at Washington must be put into effect here in Texas. This program is so big and complicated and is being so greatly rushed that mistakes have been made all along the line, some of which have been my own. I am asking the citizenship of Milam county, whether on the relief rolls or above that line, to have patience with this office, and as soon as it is humanly possible we will put as many men to work as our allotment, which has not been set, calls for. I am convinced that all of the people who are out of work in Milam county cannot possibly be employed on Civil Works Program, as our allotment will be made according to the money which has been sent to Texas, but I intend to be absolutely impartial, with the exception that I will endeavor to put those who are most needy to work first. This is a

Why Children Need a Liquid Laxative

The temporary relief children get from some synthetic, habit-forming cathartic may cause bowel strain, and even set-up irritation in the kidneys. A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to give the child “a double dose” a day or two later.

Can constipation be corrected in children? “Yes!” say medical men. “Yes!” say many mothers who have followed this sensible medical advice: 1. Select a good liquid laxative. 2. Give the dose you find suited to the system. 3. Gradually reduce the dose until the bowels are moving regularly without aid.

An approved liquid laxative (one that is widely used for children) is Dr. Caldwell's Syrup Pepsin. The mild laxative action of this excellent preparation is the best form of help for children—and grown-ups, too. The dose can be regulated for any age or need.

Your druggist has Dr. Caldwell's Syrup Pepsin. Member N. R. A.

Visits Central Texas

Moulton "Ty" Cobb, formerly of Cameron, and Bryan, at which latter place he did newspaper work on the Eagle, and latterly publisher of the Mission Enterprise, has been back on a visit to this section, and in the last issue of the Mission Enterprise, gives an interesting writeup of the trip, along lines used by weekly editors a half century ago. The following are extracts from his two column article:

You can see lots of life on a train. Times being so hard I rode on a chair car. The fare was approximately 1 cent per mile.

Business is positively and absolutely better in south and central Texas. "We heard a number of merchants say: Business has been better for the past two months than at any other time in the past three years."

At Santone early Friday morning I went into the lunch room of the S. P. to eat breakfast. I saw a good friend, Hon. Lynch Davidson, of Houston, who was on his way to spend the week end at his big ranch beyond Uvalde. He bought us the breakfast—he is a hospitable as ever—and we had a most pleasant chat.

My parents had planned to go to Lampassas for the week end and so we left Friday afternoon at four o'clock, arriving at Lampassas at 7 p. m. Lampassas is a big wool country. If the farmers want to contract for the sale of their 1934 wool crop now, the buyers will give them 30 cents per pound. Thirty cent wool is the equal to 15 cent cotton.

I made the trip by train of almost 1000 miles, was gone parts of five days, and spent \$14.75, \$9.00 for which went to buy the round trip ticket. Who says an editor cannot travel cheap and have a bushel of fun? Who's afraid of the big, bad wolf, anyway?

The cheapness of the trip, shows the railroads have at least "caught on" to inducing travel by giving low rates, which will cause many people to leave their cars at home. Many would have liked to greet "Ty" in Waco, but Cameron is a near neighbor, and no doubt the people there enjoyed his visit. "Ty" is all right in every way.—Waco News-Tribune.

DALLAS SHERIFF—

(Continued from page 1)

while he visited his former wife, Miss Mae Cantrell in Austin. Dorothy Joyner, daughter of the late John W. Joyner of Cameron, whose body was found in his home here last winter after he had been dead for several hours from gas fumes, was born and reared here. The late John W. Joyner, in a letter left to a business friend, explained the act of taking his own life because he loved his daughter and wished her to inherit \$16,000 in life insurance.

Shortly before Dorothy Joyner Woolley was shot in her home she bought her husband a shot gun to be given him at Christmas. He told her he was planning a duck hunt, and she gave him the gun in advance of the holidays. Investigation has shown according to the Dallas office of District Attorney that Woolley, instead of going on a hunt, as he claimed, went "duck hunting" in Austin visiting with his former wife, Mae Cantrell, University of Texas student from Comanche county.

Woolley has claimed from the date of the shooting that it was accidental. Dorothy was shot through the heart as she lay on a bed in her home. Woolley claimed the gun was accidentally discharged while he was cleaning it. He is to be tried in Dallas for the murder of his late wife whom he married in Oklahoma shortly after his divorce.

TRIAL OF

(Continued from page 1)

roadside at night, returning to Thorndale from an entertainment in the country. They fell asleep, it is said. The companion of James, when awakened by the commotion said he saw James struggling with a man who was stamping him. Near the scene of the struggle an automobile was parked. The companion of James in a statement made to Rangers named Miertschin as the occupant of the car. Miertschin was absolved in the charges when the grand jury here failed to return an indictment.

FUNDS FOR

(Continued from page 1)

only 583 men. Up to time of stopping registration 3800 men had signed up for work. The total available man power for these and other projects was said to be around 5000 in the county.

Work allotment was made by the Government at Washington on the basis of population with about 200,000 men to be given work in Texas. The major part of this figure has been consumed in counties of larger population.

Unless efforts now being made to increase the number of workers are availing there will be no general re-employment in this county.

A possibility for relief of the swamped offices of the Administrator was seen in the hope that the State Reclamation service would take over the stream projects and absorb a large number of workmen.

3 LOT BANK—

(Continued from page 1)

spiry charge. Outside of the conspiracy count, the indictment charged misapplication and conversion of certain specified funds, aiding and abetting, and false entry in the books of the bank. Silva was found not guilty by the jury on a count relating to the gov-

ernment charge that he aided and abetted Patton in the misapplication of \$885.

Jury Out Many Hours

The jury returned its verdict about 6 p. m., having been out since 11 o'clock Saturday morning when they had been charged by Judge McMillan.

Eight of the fourteen government counts against the Lott bankers were dropped Friday after a technical flaw in drawing up the pleading of the government was detected by a defense counsel.

HOPE FOR

(Continued from page 1)

not increased to adequate demand, will almost completely destroy plans made for an extensive program of public works. Projects have been approved in sufficient scope and number to employ all jobless but in the allocation of unemployed Texas received opportunity to place only approximately 200,000 to work and Milam county's quota is 583.

Administrator J. P. Love and Stanton Dossett, newly named member of the Milam County Board of Welfare and Employment, were in Austin Tuesday to confer with the Relief Administration to find some way out of the tangle. Unless the quota is raised or prororation of numbers can be made together with more on direct relief rolls and the absorption of increased numbers under the reclamation service project for which has been approved, there remains little hopes of jobs for anybody except those already on the rolls or in distress situations.

Everything possible was being done to extend the benefits of Civil Work projects to unemployed.

KATHERYN GREEN

(Continued from page 1)

her young life, but always enjoyed the companionship of her home and playmates when well. She had been a regular attendant upon Sunday School when her health permitted. She at times seemed much improved up to a year ago when she suffered a decline in health and for the past two months had not been able to be up much of the time. She was in a coma for 22 hours before her death. Kathryn will be missed by the loved ones at home and by her playmates. Many beautiful floral offerings from loved ones and friends completely covered her grave.

Surviving her are her parents, two brothers, Leland Green, Jr., Carrol Green and a sister, Mary Ann Green.

Pall bearers were R. B. Rylander, Jr., Fred Jackson, Eber Flinn, Andrew Esslinger, Jr., John Watson Jr., and Ray Burke, Jr.

MRS. FERGUSON

(Continued from page 1)

standing this situation, she would again leave the state clear of debt. The deficit in the general fund now is \$8,000,000. Her platform declared for restoring the credit of the state.

The Fergusons have presided over the executive mansion for 7 years. Her husband, James E. Ferguson, was twice elected governor in his own name and twice elected in the name of his wife. This equals the record of Governor Alfred Smith in New York. No other man has ever held the office more than four years which is two terms.

Huge Still Captured in Runnels County

Although Texas and the nation have gone wet by decided majorities, making whiskey within the borders of the Lone Star state is still illegal. Not only do Texas laws still prevent manufacture or sale, but Federal revenue laws prohibit such moonshine operations as are evidenced here. In the picture Sheriff W. A. Holt of Ballinger and Deputy Carl Henson stand beside a huge still they recently captured. A large amount of whiskey and 2,500 gallons of mash were destroyed. This is only a part of the catch!

Local and Personel

Mr. and Mrs. E. M. Bek of Dallas were guests in the home of Mr. and Mrs. Leland Green the first of the week. Mrs. Bek reported that her sister, Miss Emma Barron, who suffered an automobile accident the first of last June, is now able to sit up some during the day, and has hopes of finally recovering. Miss Barron for several months was a patient in the Cameron Hospital right after the accident.

Mrs. J. L. Coleman and Mrs. W. A. Bonds spent Saturday in Waco. Mr. and Mrs. Frank Monroe and family spent Saturday in Waco.

Guy F. Boynett of Bryan, Commissioner of Precinct No 1 Brazos county, also Vice President of Judge and Commissioners of Texas, spent Monday in Cameron.

Judge Jeff T. Kemp spent Monday in Austin looking after contemplated projects for Milam county.

C. F. Drake of Rockdale, well known oil man of Calvert, transacted business in Cameron Monday.

John Atkinson of Waco, and Ben Atkinson of Austin, were guests the first of the week of their sister, Miss Lilian Atkinson.

Hilton Howell of Waco spent most of last week here with his parents, Mr. and Mrs. T. A. Howell, while Hilton was in court and represented Western Union vs. Ed Krenick.

THE CLEANERS OF CAMERON

Are Now on a

Minimum Basis Fixed by the U. S. Government

Effective in Milam County at once the following prices have been fixed by Hugh S. Johnson, NRA Code Administrator:

Minimum Prices for Cash—
Suits cleaned & pressed—85c
Plain Dresses C. & P.—85c

Credit Price—

Suits \$1.00
Plain Dresses \$1.00

Overcoats the same price as suits and dresses. Other articles priced proportionately. This price has been fixed by the Government and any violation will be subject to the NRA Law. Signed by—

CAMERON DRY CLEANING ASSOCIATION

PERMANENT WAVE SPECIAL

\$2.50 Patsy Gene Permanent Waves for only \$1.00 and the \$5.00 Eugene and Fredericks Vita Tone Waves only \$2.50. Prices good until Christmas. Mrs. Ina Catchings, East Cameron Street, 2 blocks east of Post Office, Rockdale, Texas. 1tp

Mrs. Charlie Fontaine is much improved from a spell of diphtheria.

Mrs. Willie Griffith of Rockdale visited her aunt, Mrs. T. A. Howell, for the week end.

Mrs. G. B. Taylor left last Saturday for Oakland, California, where she will spend the holidays with her son, Jack Taylor and wife.

Mr. and Mrs. Frank Cheeves have returned from their wedding trip that took them to New Orleans and Shreveport, La.

\$1.00 PERMANENT WAVE SPECIALS CONTINUED

Glory-O Specials will continue another week or longer at Postal Telegraph Office. Students solicited.

Mrs. Rupert Harkrider of Abilene and sister, Mrs. John Dobbins of Carlsbad, N. M., and Mrs. Roger Neblets of Waco, are here on a visit with their mother and grandmother, Mrs. Martha Rogers who is quite feeble in the home of Mrs. Jeff T. Kemp.

Miss Fannie Mae Barns of Plainview, daughter of Dr. C. L. Barns, who was formerly a partner of the late Dr. W. T. Mowdy, spent the week end here with her aunt, Mrs. W. T. Mowdy.

Mrs. J. Williamson of Trent, has been visiting her sister, Mrs. L. L. Blaylock.

Mrs. R. B. McRee and daughter, Lellie of Trent, and Mrs. Gus Norman of Thorndale were recent guests of Miss Tabbie Robinson.

Miss Martha Schigut is a patient in the Cameron Hospital having underwent an operation for appendicitis. She is reported to be improving rapidly, and will soon be able to resume her duties in the Denson-Brook clinic.

Mrs. Loula Clinton left Wednesday for Houston where she will spend the remainder of the week with her mother, Mrs. Carruthers.

Miss Annie Bowman of Eddy is a guest of her sister, Mrs. W. E. Gaither this week.

Mr. and Mrs. Cecil Culpepper will attend the big ball game at A. & M. College Thanksgiving Day.

Miss Billie Gaither who is a student in C. I. A. will spend the holidays during Thanksgiving with her parents, Mr. and Mrs. W. E. Gaither.

Bennie Reichert and Miss Iva Wilson will be among the number to attend the Thanksgiving game at A. & M. Thursday.

Pruings Help to Farm Yards

The pruning shears have yielded approximately 7,000 shrub cuttings for the farm women of Milam county during the month of November. Growing plants from these cuttings have proven to be a most inexpensive and practical means of beautifying the farm homes.

Some of the common plants which may be propagated by this method are the tamarix (salt cedar), willow, poplar, abelia, eunonymus, pomegranate, privet, wax-leaf ligustrum, bridal wreath, jasmine, roses, althea, crape myrtle and pothemia. The cuttings are taken during the fall or winter months from well matured wood of the preceding season's growth. Such cuttings are cut from 6 to 8 inches in length and contain two or more buds. The lower end is usually cut off near a leaf joint, as roots form from these joints more readily. The top is cut off some distance above the highest leaf joint so as to serve as a protection during the wintry days.

Sand or mellow soil is best for rooting cuttings. These cuttings are placed in about 2 to 6 inches apart with about two-thirds of the plant under the ground. The soil should be pressed firmly around each cutting. It is best to partially shade the cutting bed on very hot days.

The cutting should develop roots and put forth leaves, and by next fall or spring it should be ready to put out in a permanent planting.

Taylor Bandits Are Captured

Mendel Martin, 22, Taylor automobile salesman, was arrested last week charged with complicity in the robbing of the Walburg State Bank. The Taylor Press reports that Martin made a full confession, and told how he and Ray Darral, another Taylor man, conspired to rob the bank.

Stealing a car the night before they hid it in the river bottom near Taylor. Early next morning they drove in another car, to the river, secured the stolen car and left the other one. The confession then told of how they held up the bank, secured the money, and made their getaway. When they stopped to get their car a negro up in a pecan tree heard them talking.

Darral took the stolen car and the \$3,000 loot and both cars started back toward Taylor. At Circleville Darrow, who was driving too fast, crashed into an army truck, and was dangerously injured, being taken to a Taylor Hospital unconscious.

In the meantime officers were hot on their trail and arrived at the scene of the wreck, where they found the money in the wrecked car.

Martin, in the other car, made his way back to Taylor, changed his clothing, and drove to Thorndale. He went back to Taylor about 2 p. m., where he was arrested.—Rockdale Reporter.

Ann Stallworth Named Chairman Conciliation Board By the Governor

Miss Ann Stallworth has been appointed by Governor Miriam A. Ferguson as chairman of the Milam County Farm Debt Conciliation Committee. The Board will mediate between farmers and mortgage owners to forestall foreclosures wherever possible.

A meeting of the Board has been called by Miss Stallworth for Friday morning at 10 o'clock at her office.

Other members of the board are: R. K. Fontaine, Jones Prairie; J. H. Thomas, Gause; Eugene Eiland, Rockdale and O. D. Graham, Thorndale.

Mike Coleman and Miss La Verne Bowmer are among the number from Cameron to attend the big ball game at College Station Thanksgiving Day.

Mr. and Mrs. F. B. Cable who formerly lived in Cameron for a number of years and moved to Waco several years ago, have moved to Abilene to make their home.

MRS. R. McCLELLAN BURIED AT MARLOW

Mrs. Rebecca McClellan, 66, mother of H. B. McClellan, Tax Assessor, died at her home near Milano Wednesday morning, November 29 at 4 o'clock.

The funeral was held at the Methodist church at Milano at 3:30 p. m. Wednesday by Rev. W. L. Cannan, pastor of the First Methodist church Cameron. Interment was made in Marlow cemetery.

Mrs. McClellan had been ill for several years, and gradually grew worse the past few months. She has made her home near Milano for a number of years, was a member of the Methodist church at Milano, where she was well known.

Commission Form of Government Sought For Buckholts

A petition for the right to incorporate under Commission form of Government is now being prepared for the City of Buckholts by B. P. Matocha, Cameron City Attorney.

Citizens at Buckholts will incorporate to ask the government for a loan to construct water works costing \$20,000. Henderson Walker, county surveyor is now establishing limits for the city.

Buckholts will be the only city in the county to have a Commission form of government, considered by many municipal experts as the most practical and economical form of government. The commission form often embraces the City Manager plan. This kind of government for cities originated at Galveston in 1900 after the storm that destroyed the city.

CARD OF THANKS

We desire to express our deep appreciation for the kindness of our neighbors and friends during our great sorrow in the loss of our beloved husband and father, Joe J. Ondrej. We are especially grateful to Rev. O. C. Acrey of the Presbyterian church and Rev. F. C. Horak of Caldwell for their kindness to us in the funeral services. We thank those who gave flowers and all who in any way came to our assistance in our hour of great need.

Mrs. Joe J. Ondrej and family.

Cameron Young Men Back From Deer Hunt

Stanton Dossett, Charlie Frank Green, Bassett Watson and Stanley Swift of Cameron, joined by George Wolfe of Waco, spent several days on a deer hunt last week, camping near Fredericksburg. They returned Sunday evening an dreport a delightful time. George Wolfe got an eight point buck and a gobbler. Mr. Swift and Bassett Watson each got a gobbler. They reported game rather scarce.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

COTTON REPORT

There were 47,428 bales of cotton, counting round as half bales, ginned in Milam county, from the crop of 1933 prior to November 14, 1933, as compared with 37,884 bales ginned to November 14, 1932.

Ray O'Neill, Special Agent.

EPISCOPAL CHURCH

Episcopal church services will be at 7:30 in the evening.

H. D. CLUB

Miss Bertha Fae Strange, Home Demonstration Agent met with the Curry H. D. Club at the home of Mrs. John Hause Friday afternoon.

Miss Strange gave a very interesting demonstration on hook rugs and mats. She also gave each one present some shrubs cuttings to care for until December 13 when she will give a demonstration at Mrs. Ed Tindle's on "Tile Pits" and each member will transfer her cuttings to the pit where they will be cared for one year.

Dance to Bob Wills and his Play Boys, Skeezix Saturday night, December 2nd.

Dance to Bob Wills and his Play Boys, Skeezix Saturday night, December 2nd.

Mr. and Mrs. Fred Perlitz will attend the game at A. & M. Thursday.

Mrs. A. L. Peterson of Waco spent the week end here with her parents, Mr. and Mrs. Henry Ruby.

Mr. and Mrs. Robert Busker spent Sunday in Burlington with Mr. and Mrs. Will Wunsche.

Dr. Eduard Rischer and Dr. M. C. Sapp are in Houston attending the State Meeting of the Doctors of Texas and will hear noted surgeons and doctors lecture. They will return Thursday night or Friday morning.

Thousands of Women Have Taken Cardui on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardui from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it!

Cardui is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

If you are weak, run-down, suffering monthly, take Cardui. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to me: "Cardui helped me."

Federal Court Will Take No More Cases Under 18th Amend.

DALLAS—Joe H. Jones, assistant United States attorney, said today that the U. S. attorney's office here would accept no more charges against liquor violators offered under the 18th amendment.

Jones said that action under instructions from Clyde O. Easton, U. S. Attorney at Fort Worth, the office would prosecute only those violations which occurred under the internal revenue law of 1868, which forbids manufacture, transportation sale or possession of liquor on which the required federal tax has not been paid.

SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Thedford's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation."

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Thedford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical. For CHILDREN, get the new, pleasant-tasting, SYRUP of Thedford's Black-Draught, in 25¢ & 50¢ bottles.

Decorated Candles

Have you seen the latest in candles? These are appropriate for a prize at a bridge party or a present when one does not want to spend too much.

A stick of colored sealing wax and a pair of plain candles of contrasting color are all that are needed. Cover the wick of candle with melted sealing wax and put drops of same on candle to simulate melted candle wax. For instance, gray candles with blue or red sealing wax or brown candles with bronze sealing wax.

Pineapple Shortcake

1 cup of flour sifter with
1 teaspoonful of baking powder
1-2 teaspoonful of salt. Cut in
1-2 tablespoonfuls of soft lard. Add
2-3 cup of sweet milk.

YOUR BRAKES MAY GRIP But Will Your Tires?

On the slippery and darker roads of winter, you need the deep-biting, sure - holding grip of new Goodyears - and you need protection from tire changes in the cold.

You can get that protection about as cheaply as a year ago - and still have tires almost like new next Spring because new rubber lasts longer on cool roads.

Be wise - Invest now in new Goodyears, ride safely, save money. This will be the 18th winter that more people rely on Goodyears than on any other tire. Let us show you why!

GOODYEAR PATHFINDER Superwear Cord Tires

Hefley-Stedman Motor Co.

Put in pan in two layers with melted butter between. Bake in hot oven 20 minutes. Separate layers and put sweetened grated pineapple between and on top. Pour over sweetened juice thickened with 1-2 tablespoonful of corn starch and serve with whipped cream.

RECIPE

Baked Ham

Let half ham boil gently until nearly done. Let cool in water. Remove outer skin and center bone.

Fill cavity with bread stuffing such as used for fowl. Rub with brown sugar.

Stick cloves in fat surface. Cover with breadcrumbs and bake about 2 hours.

Can't Be Done

From a reader in Victoria, British Columbia, I received a query not long ago which I am sure, will interest many other housekeepers. She asked me to tell her how jelly might be made from loganberries, raspberries and other fruits without the use of sugar.

Of course, every woman who mak-

es her own jams and jellies is interested in saving sugar in the various processes. To all of them I can say—it is impossible to make jelly from fruit entirely without the use of sugar. Gelatine may be flavored with the fruit juice and will, if it is to be used soon, perhaps, serve the purpose. But a mixture of this sort cannot be kept for any length of time.

However, the amount of sugar used can be lessened considerably if the juice is evaporated from the fruit by first cooking it without water. Really fine results may be secured by this method.

DO YOU KNOW THAT:

1. A pleated skirt may be laundered quite easily if the pleats are basted in around the hem before washing and allowed to remain fastened until ironed?

2. Sliced cold meats will keep for days is wrapped in oiled paper and placed in the refrigerator?

3. Oil paintings must never be cleaned with water! A specially prepared oil must be used to keep them

from cracking and chipping?
4. It is best to iron silk with an almost cool iron before it is entirely dry?

At San Antonio I took the Missouri Pacific to Milano, where my parents, Mr. and Mrs. W. M. Cobb, met me and took me to Cameron Friday at noon.

HERE'S a new, low-priced Coleman Radiant Heater that's just the thing for home, store or shop... "a hot number for cold rooms!"

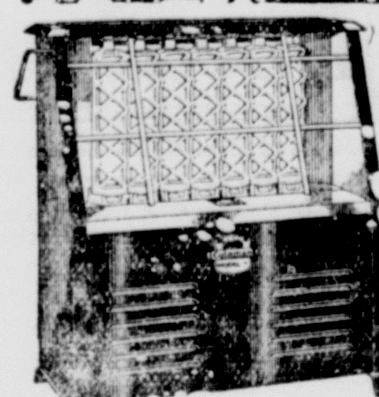

Makes and burns its own gas. Costs less than 2 cents an hour to use. Produces penetrating radiant heat that warms like summer sunshine.

Instant Lighting

...no preheating, no waiting. Just strike a match, turn a valve and it's going just like gas.

"Voice of Firestone" Back on Air Dec. 4

The outstanding baritone and the foremost tenor of today, Lawrence Tibbett and Richard Crooks, return to the air December 4th for their weekly winter "Voice of Firestone" series. As the leading artists of the Metropolitan Opera, the radio and the concert stage, they bring to radio listeners the finest entertainment the world has to offer. Richard Crooks will appear on the first program and the two stars will alternate each Monday night thereafter.

Of unusual interest is the return to the program of Harvey S. Firestone, Jr., vice-president and son of the founder and active head of the company. In response to numerous requests he will again give a series of short, dramatic and educational talks similar to those which created such favorable comment two years ago.

William Merrigan Daly, the famous young conductor of American music, will conduct the Firestone Orchestra, and Alois Havrilla will announce the program.

The broadcast is at 8:30 p.m. Eastern Standard Time, and a re-broadcast of the entire program for the Pacific Coast at 8:30 p.m. Pacific Coast Time. The complete Coast to Coast NBC-WEAF hook-up and all supplementary NBC stations will carry the program.

The list of stations includes: WEAF, WEEI, WTTG, WJAR, WTAG, WCHS, WLIT, WFBR, WRC, WGY, WHEN, WCAE, WTAM, WWJ, WLW.

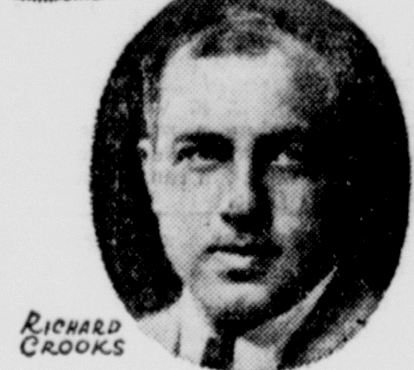

WRVA, WUNC, WSOC, WIS, WJAX, WFLA-WSUN, WIOD.

WMAQ, KSD, WOC, WHO, WOW, WDAF, WTMJ, WIBA, WEEB, WDAY, KFYR.

WSM, WMC, WSB, WJDX, WSMB, KVOO, WKY, KTHS, WFAA-WBAP, KPRC, WOAI, KTHS.

CRCT, CFCE, KOA, KDYL, KGIR, KGH.

KPO, KFI, KGW, KOMO, KHQ, KPFD, KTBK, KGU.

Mr. and Mrs. Rob Greer and daughter and Herbert Greer of San Antonio, Mrs. Jarrell and daughter, Miss Bessie Jarrell of Childress were week end guests in the home of Mr. and Mrs. H. F. Cobb.

J. H. DuBois of Cameron spoke at the Sunday School here last Sunday morning in the interest of Buckner Orphans Home. The churches of Milam county are going to send a carload of supplies to the home about December 5.

Mr. and Mrs. Terrel Prescott of the Ben Arnold community are the parents of a baby boy born Sunday, Nov. 19.

Clinton Herring and Ed Krause have charge of a service station in Cameron.

Mr. and Mrs. W. W. Gray of Lott were Sunday guests in the home of

Mr. and Mrs. J. A. Collins.

Rev. Kelly Simmons of Thorndale accompanied by his family and his brother-in-law, Mr. McCreasy, were here for his regular appointment at the Baptist church Saturday night, Sunday and Sunday night. In the afternoon they all visited relatives at Lott.

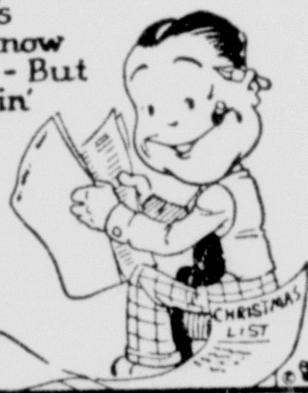

**Sixteenth Child Born
To Family Whose Pay
Check Is \$16 A Week**

OMAHA—Mr. and Mrs. Anton Skocz, whose income from the husband's labors is \$16 a week, rejoiced today that they had "balanced their budget." Their sixteenth child was born to them yesterday.

"That's \$1 for each of them. It will be enough until times get better," he said. "We've never asked for charity yet and don't intend to do it now."

"When folks need meat, they go to th butcher. If it's cake they want, they know where t' find th baker. -- But right now they're needin' Gift Information and they're lookin' in th newspaper for it! Are you Advertisin'?"

Cotton Champion

Pictured in his cotton field is Ben Causey, 19, of Ysleta, Texas, who has the distinction of leading the whole State of Texas in cotton production for 1933. Ben raised 12 bales of cotton on five acres of rich valley land, or 24 bales to the acre! He will receive an all-expense trip to Chicago for the International Livestock show, and several other awards.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

For over 50 years, Cardui has been helping women just as this Texas lady describes above.

Cardui is sold at all drug stores.

BEN ARNOLD

Misses Attice Johns and Agnes Coker enjoyed a weiner roast at Walker's Creek Saturday night.

Mr. and Mrs. A. W. Buffington and daughter, Dorothy, spent Sunday with Mr. and Mrs. T. C. Buffington of North Elm.

Begin Now, TO-DAY

For a real "Merry Christmas" Next Year, begin now to save your earnings.

Forget all about this year finding you short of the funds you really need for gifts and the season. It will be a different story next year if you save according to the systematic plan this bank can offer you. Many who took our advice last Christmas will be happy this year, both because they have learned something of the thrill that comes with the independence as well as having money to properly account for the demands of the gift season.

Christmas time, like all other times of especial need, brings us closer to the realization that nothing can take the place of money when need for it comes. It is accumulated by those who know its value and will save a part of their earnings.

Beeville Rates High in F. F. A. Work

Of 25 Texas boys selected this year to receive the Lone Star Farmer degree from the Texas Future Farmers of America organization, three were students in the Beeville, Texas, high school, studying vocational agriculture. The Beeville boys, pictured above, are from left to right: William Brown, Jack Knight and William Cude. Cude is vice-president of the state chapter; Knight is president of the district organization of Future Farmers, and Brown is president of the Beeville chapter.

SOCIETY

Miss Carrie Marak Is Married to A. K. Gurecky In Quiet Marak Church Wedding On Monday

In a quiet wedding ceremony in St. Cyril Catholic church at Marak Monday morning, November 27, 1933 at 7 o'clock, Miss Carrie Marak of this city became the bride of Mr. A. K. Gurecky also of Cameron.

Rev. K. Kacer, pastor and resident priest, read the impressive ring ceremony and church ritual. The ceremony was witnessed by Miss Bessie Marak and Steve Marak, Jr., sister and brother of the bride.

A wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Steve Marak, Sr., in Cameron. Thereafter Mr. and Mrs. Gurecky left the city for a brief wedding trip to northern Texas. They will return to Cameron and make their home.

Mrs. Gurecky was born and reared here and is a young woman of unusual charm and talents and has

many friends in Cameron and elsewhere who will be interested to hear of her marriage. For a number of years she was employed in the medical offices of Dr. D. E. Monroe. For the wedding ceremony she was dressed in a blue swaggar suit with harmonizing accessories.

Mr. Gurecky has for many years been identified with business in Cameron and is now Assistant Cashier of the First National Bank. He was formerly in the mercantile business. He was also born and reared here and has many friends who extend congratulations and well wishes for both in the coming years.

GOOD CHEER CLUB

Mrs. Ray Burke was hostess to the Good Cheer Bridge Club at her home Tuesday afternoon, entertaining with four tables of players.

A pretty floral theme was carried out with yellow chrysanthemums and autumn leaves throughout the reception rooms.

At the conclusion of a pleasant afternoon of games the hostess served a salad plate with hot coffee.

Guests other than club members were Mesdames Dan Tyson, W. G. Harsha, Winnie Witliff, Fred Reno and Harry Hinton.

WEDNESDAY BRIDGE CLUB

Pretty Talisman and Hoover roses intermingled with ferns were chosen by Mrs. W. A. Bonds for floral decorations when she entertained the Wednesday Bridge Club at her home with three course turkey luncheon at one o'clock, serving on game tables laid with covers and centered with bowls of the chosen roses.

Concluding a merry season of games in the cut, Mrs. Alex Triggs and Mrs. George William Triggs

were successful and received a vase of talisman roses.

Other than club members present were Mrs. Oxsheer Smith and Mrs. S. A. Cottle.

The hostess was assisted in the hospitalities of the occasion by Mrs. Alex Triggs.

O. E. S.

At the regular meeting of the Eastern Star chapter Tuesday evening the delegate, Mrs. David Smith, gave an interesting report of the Annual Grand Chapter meeting held at Amarillo. In the report she referred to the success of the Arlington Home for the old women and children at Arlington, Texas.

HISTORY CLUB

The History Club met Tuesday afternoon in the club rooms of the Business and Professional Women. A special guest was Mrs. John Donahoe, of Calvert, who was introduced by Mrs. Graham Gillis and gave a lecture on the book "As the Earth Turns," by Gladys Hafty Carrol.

There were present about fifty among them were Mrs. A. J. Dossett of Waco and Mrs. Looney of Ben Arnold.

At the close of the program a dainty plate with hot tea was served.

SENIOR B. Y. P. U. PICNIC

A delightful evening was spent by about 25 members of the Senior B. Y. P. U. of the First Baptist church Tuesday. They met at the church with Mr. and Mrs. A. C. Strickland and drove to Sugarloaf Mountain, climbed to the top and enjoyed a picnic, roasting the marshmallows and making pots of coffee. A season was spent in merry conversation. They drove back in the cool breezes and soft moonlight.

Ray Duckworth and Max Maples were also guests of the leaguers.

WEEK OF PRAYER

Women of the Baptist Missionary Society will observe next Monday with a week of prayer. They will meet Monday at 3:30 o'clock in the afternoon, Tuesday, Wednesday and Thursday at 9 a. m. and Friday will hold an all day service, meeting at 10 o'clock and continuing till 4 p. m. with lunch at the noon hour at the church.

VISIT OLD HOME

Mr. and Mrs. Ed McCord of Washington, D. C. were Cameron visitors Tuesday. At Dallas they were joined by his sisters, Mrs. McHenry and Mrs. Murry of Dallas and paid a visit to their many old time friends. Mr. McCord and sisters were reared in Cameron, and their friends were delighted to welcome them back. Mr. McCord and wife have lived in Washington for a number of years. He expressed himself as being delighted to meet up with his old time friends again.

Misses Iva Wilson and Katherine Lovick spent Tuesday in Austin.

Relic Show Is Week's Event

Relics of many kinds held interest in Cameron Friday and Saturday when women of the Missionary Society of the Methodist church held an exhibition for the benefit of the church. The exhibits contained many interesting articles dating from 50 to 200 years back, and some of more modern date.

A salt cellar 75 years old and a dish 45 years old was exhibited by Mrs. Jeff T. Kemp, which was given to her by an aunt.

Mrs. R. H. Johnson exhibited two hand made bonnets made in 1860 by Mrs. Mary Jane Stillwell Johnson, mother of M. M. Johnson and the late R. H. Johnson.

Mrs. B. J. Baskin had on exhibition a sewing machine brought to Texas from Alabama in 1869 by her mother. She also had a shot gun made in London in 1811, which latter was bought by a man whose name was Billie May. Mrs. Baskin's father, the late Dr. J. M. Dollar, bought it at a sale in 1868. It was originally four feet long and was a flint and steel piper. Later Dr. Dollar had four inches taken off the gun's length and had percussion lock put on and killed a deer at a range of 247 yards. Dr. Dollar always called the gun "Billie May" and many friends came to see "Billie May," as it was always interesting to men.

A case of old treasures was exhibited by Mrs. R. H. McIntosh containing relics of ancestors and also of her husband. Among them were a pair of andirons, a reproduction of a pair designed by Thomas Jefferson for his home Montecello, which dates back to 1830, also a set of china dishes that belonged to the great-great-grandmother of R. H. McIntosh, Mrs. Susan Wingate who was born in 1710.

A sugar shell 200 years old was displayed by Mrs. Meta McCown,

Here's How to Better Your Dairy Herd

This mother cow (left) produced 5,475 pounds of milk in one lactation period while her daughter (right) sired by a good registered bull produced 8,030 pounds of milk in one lactation period. J. N. Raney, dairyman of Madisonville, Texas, points to the records of these cows for B. F. Vance, county agent, who helped perfect the plans for building a registered herd on this farm. Demonstration records show that while ensilage from a trench silo was fed to his herd daily production ran 400 pounds, but dropped to 325 pounds when ensilage was gone.

the property of her great-great grandmother.

Mrs. John B. Henderson had on display a quilt 100 years old. Mrs. Hugo Slaughter, Mrs. W. S. Brewer showed beautiful quilts. Miss Mae Marshall had a quilt said to be over 150 years old.

Mrs. W. T. Whatley exhibited a set of Epaullets worn during the Civil War by her grandfather, Major Longmire; also a coverlet bearing the name of Sene Munger and the date of 1815 which were woven into the coverlet. Miss Sene Munger later married and was the great grandmother of Mrs. W. T. Whatley.

Silverware and a shawl that belonged to the great-great grandmother of Mrs. John Olson was attractive. This was given to her by her maternal parent, coming from Lord Dalton of England, and has been handed down, now being the property of Mrs. Olson. The shawl was bought in Paris, France, with the

original color cream and was later dyed black.

Baby dresses, shoes, spectacles and many other kinds of heirlooms were on display.

A prize was given for the most beautiful quilt, by each guest voting who viewed the articles. Mrs. Will Paden received the prize for the most beautiful quilt on display from among nearly 75 quilts, which was an angel food cake. For the oldest quilt on display, Miss Mae Marshall received an angel food cake.

An attraction was a small chair for a child, that belonged to our townsman, August Horstmann, since the size and weight of the owner at the present time makes one stretch their imagination.

Each guest was served doughnuts and hot coffee.

Mesdames George Childress, Sr., M. M. Johnson and W. T. Whatley were committee chairmen for the affair.
